

KEIPER do Brasil Ltda. – São Paulo, Brazil

Located in São Paulo since 1979, KEIPER do Brasil Ltda. has become one of the market leaders in vehicle seat components and structures and independently supplies almost all major vehicle manufacturers operating in the South American automotive industry including DaimlerChrysler, Fiat, Ford, GM, Honda, Mitsubishi, Toyota and VW. Recliners, seat tracks, and seat structures are produced at the 376,740 sq. ft. assembly plant where the levels of automation and quality are directly comparable to KEIPER in Europe.

From São Paulo Airport (Aeroporto Int. de Guarulhos)

- From the airport terminal turn right onto Rodovia Presidente Dutra (follow signs indicating "Anchieta")
- Continue on this road, then take the access on the right onto Avenida Salim Farah Maluf
- When the road forks out, keep right to take Avenida Prof. Luis Inácio de Anhaia Melo

- Keep also right at the second road fork and pass below the viaduct (on Vd. Grande São Paulo) in a left circle onto Avenida Dr. Francisco Mesquita
- Take the second turn to the right into Rua Patriarca
- Turn left into Rua Guamaranga
- Behind the Shopping Central Plaza: turn left into Rua Vemag, KEIPER is on the right hand side
